

2025 DataFest Atlanta Tech Boom

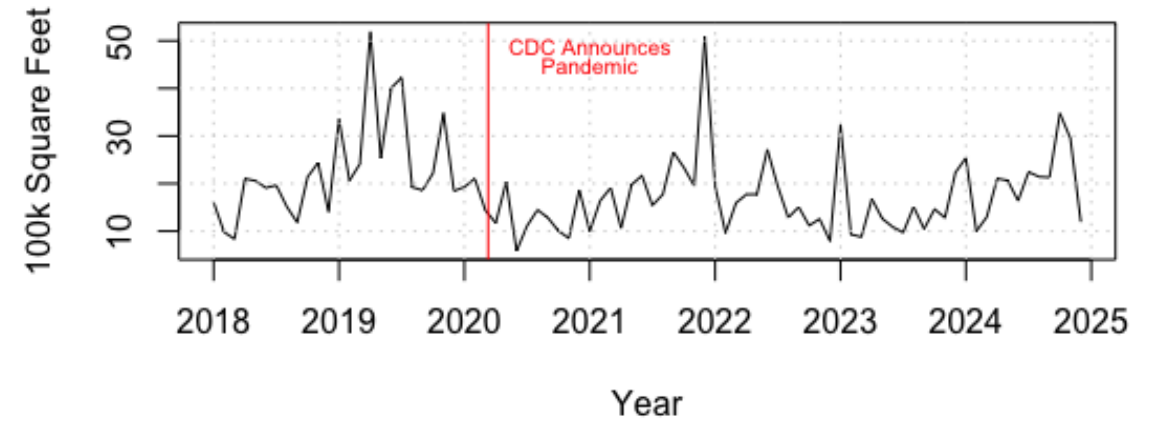

Team B : Antonio Melacini, Paige Stone, Chaozhong Wang, Junyan Ye

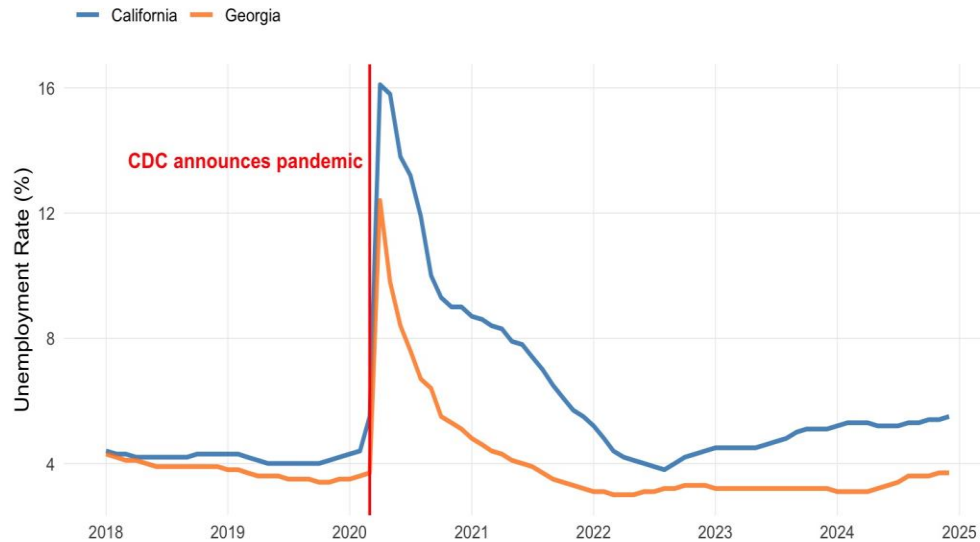

What

- In year following CDC's announcement (shaded area), tech companies rented 3.75 times more space in Atlanta vs. San Francisco
- From 2020-2023, Atlanta population up 2.4% while San Francisco down 7.4% (US census Data)

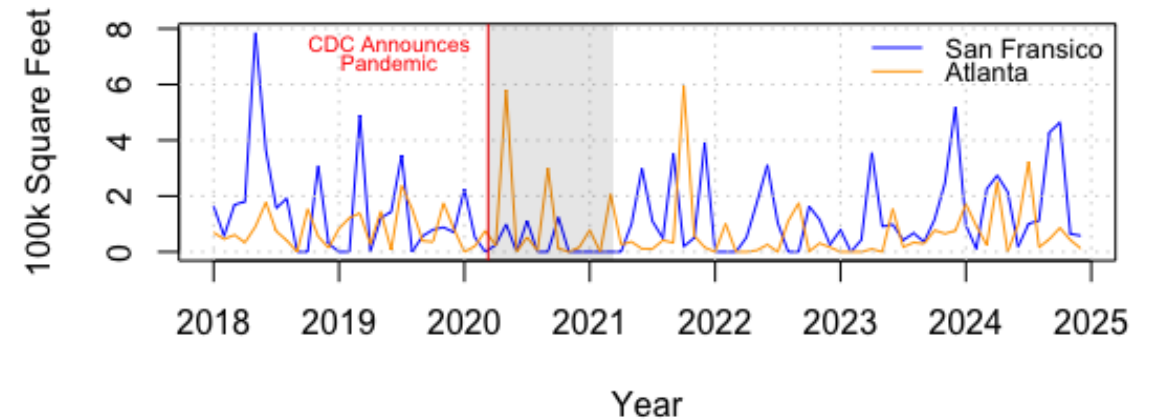

Monthly Area Rented to Tech: USA

Unemployment Rate Trends: California vs Georgia

Monthly Area Rented to Tech: 2 Cities

Why

- Rent Prices:
 - Systematically lower in Atlanta
 - Shrinking in San Francisco post pandemic
- Market Leaders: Trend of global HQs opening in Atlanta (e.g. NCR, ASHREA)
- Market Correction: Proportion of available space leased in ATL and SF converge post pandemic
